A-06 · WHAT WE BUILT, AND WHERE IT STANDS NOW

What we built, and where it stands now

MANY TWINS, COMMON FOUNDATIONS

Four sisters on one platform. Field Twin and SprayPath are built. Airfieldpath and Municipath are proof of concept.

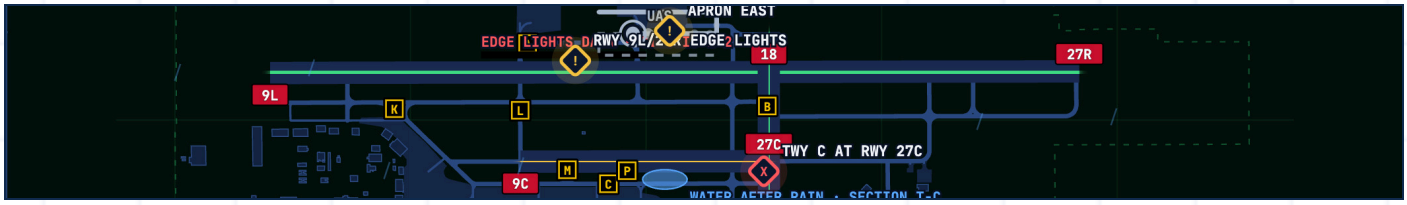

Shared foundations: the Exploder kit, the Interchange and the Film Studio.

THE CLOUD

Nothing runs in a cloud yet. The target is development, staging and production, deployed as an image to a container registry, a stack update and a container task.

THE NOW: STATE ON 16 NOV 2026

The airfield as the twin shows it today, runway by runway, from public records.
